

Yoshi's Run

If you find you cant make it to the aid station turn around by 6:40pm (2.2 miles in 40 minutes = 18 min/mile pace) Find out your walking pace and start on First/Highland Oaks and shorten the distance accordingly. This assumes you meet at REI and when walkers depart at 6:00pm it takes 10 minutes to drive and park at the chosen cross street and start up the hill.
